# Providing Mobile Solutions

Saunders Manufacturing, the global leader in the production of aluminum form holders and clipboards, is proud to proclaim that our products have been Made in the USA for nearly 70 years. Known as “The Clipboard” people, Saunders has developed a broad range of innovative products made from plastics, MDF, and aluminum to fit the needs of professionals in the office setting as well as those in education, industrial, transportation, medical, and public safety fields.

Saunders continues to expand their offerings of Made in the USA value-priced products to its customers while taking a leading role in environmental and social stewardship. The extensive use of recycled materials with high post-consumer waste is good for the environment. Re-shoring the manufacturing of leading plastic products back to the USA is good for the economy and allows Saunders to partner with blind and developmentally disabled Americans whose dedication is apparent in the quality of their workmanship.

Products such as Redi-Rite®, SlimMate, Cruiser-Mate®, DeskMate, RingMate, TuffBinder, and Citation Holder provide users a secure and smooth writing surface while organizing and protecting work documents and accessories when away from their desk or fixed workspace.

# Brings New Business Opportunity!

When you see this symbol next to a product, you will know that it was proudly assembled in the USA at facilities that employ individuals with disabilities

Sustainable/Green Products Assembled in the USA!

**The unemployment rate for persons with a disability was 9.2 percent in 2017, more than twice that of those with no disability.**

-Bureau of Labor Statistics

**For many years, Saunders has partnered with various non-profit or community-based facilities that offer employment opportunities to Americans with disabilities to produce a unique line of high quality products.**

**S**aunders has created a brand of products that tells a story. US-Works is a portfolio of products that provide you and your customers with an opportunity to serve a higher purpose. The US-Works product line provides jobs throughout the US to people who have significant disabilities. Jobs include the manufacture and assembly of products including office, janitorial, and safety supplies. Employment brings freedom, pride, independence and tools to succeed to Americans who, otherwise, may not have had the opportunity.

# Recycled Aluminum

Saunders aluminum products are made with 89% recycled content with at least 30% post-consumer waste. 95% less energy used to recycle and 95% reduction in CO2 emissions. Saunders annual usage displaces the equivalent of 51,000,000 aluminum cans.

# Recycled Plastic

Made in the USA from 96% recycled plastic with at least 50% post-consumer waste materials. EPA Certified products available. Proudly assembled in facilities, located in the USA, that employ adult Americans with disabilities.

# Recycled Hardboard

All hardboard products are made from 100% recycled and/or recovered materials and are assembled in facilities, located in the USA, that employ adult Americans with disabilities.

# HIPAA Solutions

## What is HIPAA?

The Health Insurance Portability and Accountability Act established a set of federal standards for the protection of health information. Effective April 14, 2003, the U.S. Department of Health and Human Services issued the Privacy Rule to assure that individuals' health information is properly protected.

**Saunders' Form Holders, Organizers, and Clipboards are designed to help health care providers comply with HIPAA.** This is a way to safeguard information and avoid its unintentional release. Selected Saunders products not only keep information less visible, but also offer additional features designed to meet the needs of a medical or confidential environment.

## Chicken Salad with Grapes and Pecans

Prep Time	Cook Time	Yield
20 Mins	1 Hour	Makes 4 servings

SOUTHERN LIVING

LINDA BANNING, DECATUR, ALABAMA August 2006

Serve this fruity, nutty chicken salad with assorted crackers and grapes for a filling lunch or a delicious brunch. The recipe was inspired by a favorite dish served at the former Sweetbriar restaurant in Gadsden, Alabama.

### Ingredients

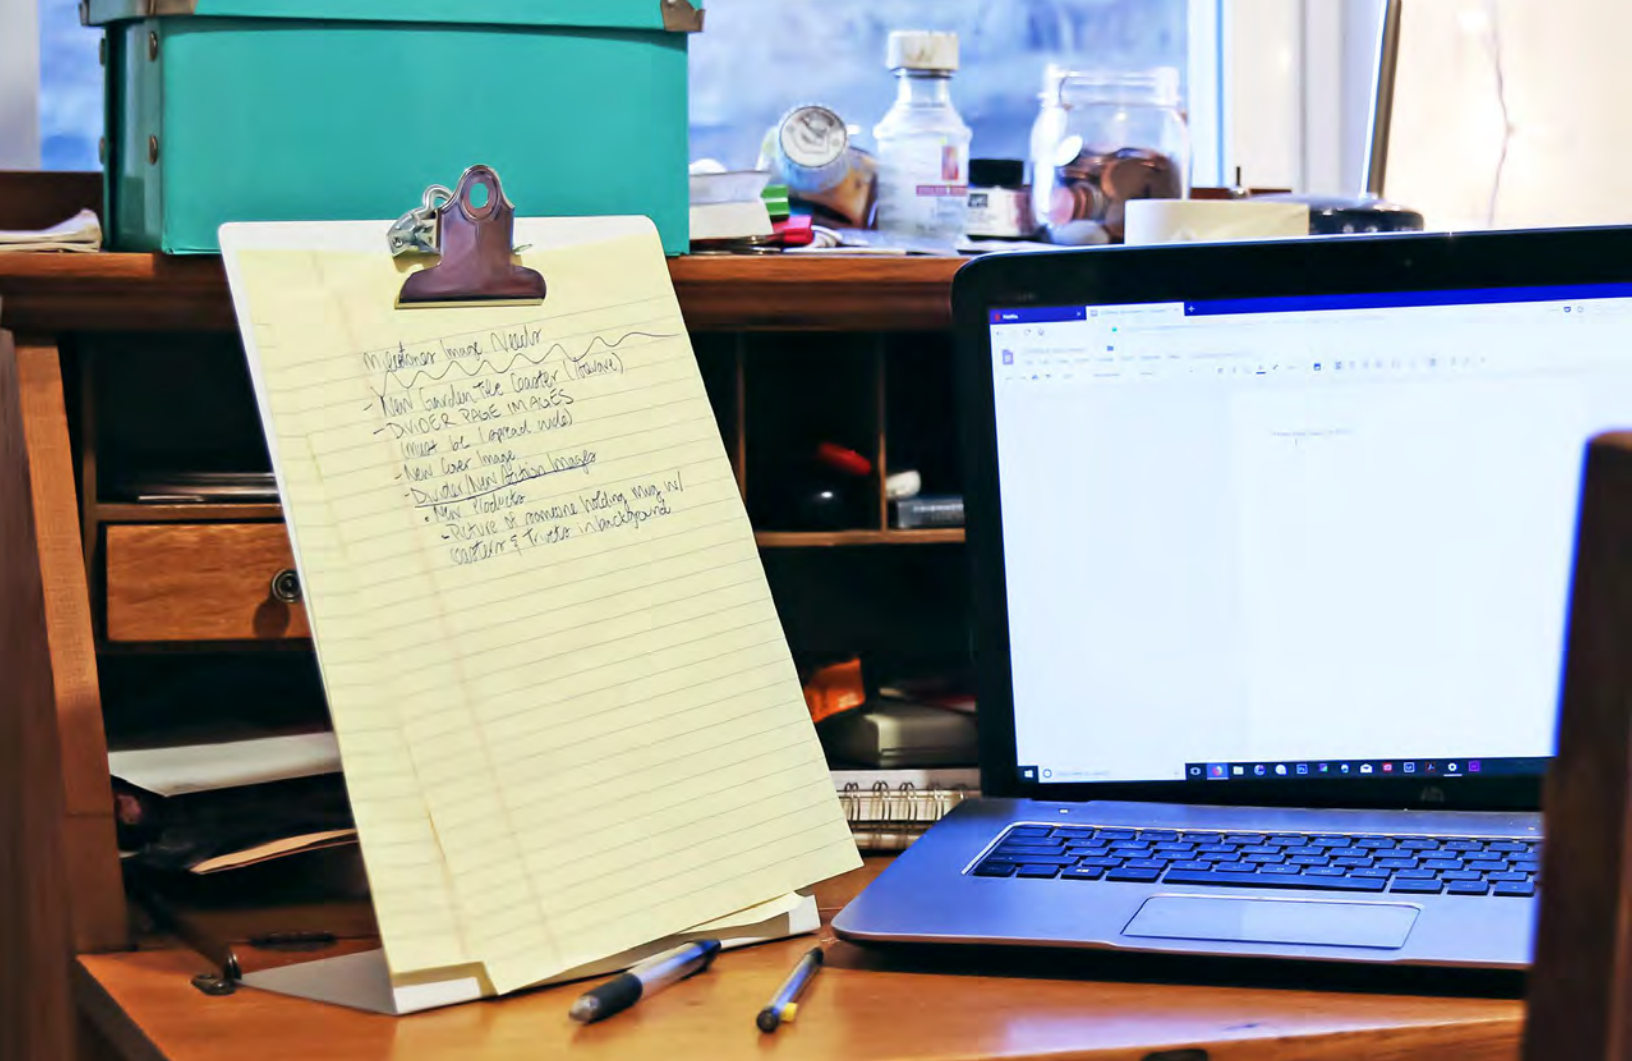

- 1/2 cup light or regular mayonnaise
- 1/2 cup light or regular sour cream
- 1 tablespoon fresh lemon juice
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 2 pounds skinned and boned chicken breasts, cooked and chopped
- 3 cups red and white seedless grapes, halved
- 1 cup chopped pecans, toasted
- Lettuce leaves (optional)

### How to Make It

Stir together 1/2 cup mayonnaise and next 4 ingredients in a large bowl. Add chopped chicken and grapes, tossing gently to coat. Cover and chill at least 1 hour. Stir in pecans just before serving. Serve in stemware lined with lettuce leaves, if desired.
